

IMPORTANT: Green Party donations policy

In order to donate to a political party in Ireland a private individual must be either a citizen of Ireland, or have a permanent residence in Ireland. If you are not an Irish citizen or do not have a permanent residence in Ireland you can donate to your local Green Party. If you are a UK citizen or resident we would encourage you donate to the Green Party in Northern Ireland [here](#).

In line with the Standards in Public Office Guidelines (2015):

- The Green Party keeps a record of the names and address of all donors.
- All donations exceeding €1500 received by the Party must be disclosed in a donation statement to the Standards in Political Organisation. Additionally, any donation, or aggregated donations, which exceed €1500 in one calendar year require the donor to submit a donation statement independently.
- No donation greater than €2500 in whole, or aggregated, can be received by the Party in any calendar year.
